## BLUETOOTH WEATHERPROOF SPEAKER LIGHT

**Congratulations** on your purchase of this unique & versatile RV Media Bluetooth Speaker Light.

Designed with RV Enthusiasts in mind, this speaker allows you to easily add an external speaker to your RV using the latest Bluetooth Streaming technology.

Not only suitable for RV's, there are many other uses for this speaker such as: Marine, Pergolas, Pool Areas, Garages etc - anywhere you can mount the speaker within reach of a 12V or 240V (using a plug pack) power supply and where you would like the added convenience of a super bright LED light!

## SPECIFICATIONS

### POWER

Operating Voltage: 12V  
100W Max Audio Output Power  
LED Power Consumption: 0.28A @ 12V  
Max Total Power Consumption 3A @ 12V

### BLUETOOTH

Output Power Class 2  
Frequency Band 2.4000GHz – 2.4835GHz  
Typical Range up to 10 Metres (no obstructions)  
Standard Bluetooth 2.0 specification

## RV INSTALLATION

### 1. LOCATION

The Bluetooth Speaker Light is intended to be installed on the exterior of your RV. It operates on 12V DC and the best place to fit it is in place of an existing awning light, however you can install it anywhere outside or inside the RV as long as you can connect it to 12V.

### 2. WIRING

Bluetooth Speaker Light is supplied with a power lead fitted with male & female line plugs. These allow the speaker to be pre-wired and easily connected by joining the two plugs together. The power plug also allows for the connection of the optional 240V plugpack and allows the speaker to be temporarily mounted if required.

**Connection.** Simply connect the red wire of the removable end of the power lead to the RV's +12V wire & the black wire to -12V. Ensure these connections are made with suitable crimp terminals or solder & heatshrink

### 3. MOUNTING

If installing in place of an exterior awning light, please use the following steps as a guide:

1. Remove the existing awning light.
2. Mark the location of the 4 mounting screws. Note be careful to ensure the screws will not damage any materials behind the mounting surface.
3. Mount the optional locating brackets using the centre screw (only) with the hook part at the bottom. These brackets provide reinforcement for the speaker plus can be used as a temporary, removable mounting option if required.
4. Connect the power plug to the socket that was wired in step three. Mount the speaker using the 4 screws - taking care not to over tighten the screws. Please ensure the power wire is recessed as much as possible in its hole where supplied from; and ensure the rest of the cable is stored in the cavity at the back of the speaker. Press in the supplied screw covers to hide the screws.
5. Using a suitable RV Sealant, seal around the edge of the speaker ensuring a water-tight seal to complete the installation.

**If you are unsure about any elements of these installation guidelines, please seek the advice of an experienced RV installer or suitable Electrician.**

## INSTALLATION IN OTHER LOCATIONS

For installations in such as Marine, home Pergolas, Pool Areas and Entertainment areas; please use the optional RV Media 12V Plug pack (p/n 040855) if a direct 12V power source is not available.

Note the plugpack and any power connections must be located in a dry environment.

## OPERATION

**Powering the unit up.**

To ensure easy operation, where the Bluetooth Speaker Light is fitted in place of an awning light, use your RV awning light power switch to turn the Bluetooth Speaker

Light's master power on or off. Where the Speaker Light is fitted in other locations using an optional 240V plug pack, please use this power supply to operate the unit. The unit is fitted with an LED Light on/off switch on the right-hand side of the (circled opposite) allowing you to turn the LED light on or off as required.

## BLUETOOTH CONNECTION

The RV Media Bluetooth Speaker Light connects to devices such as Smart Phones using Bluetooth A2DP Audio Streaming technology.

1. When powered on, a red LED at the bottom of the Bluetooth Speaker Light will indicate that it is switched on.
2. Within 3 seconds, the blue LED at the bottom of the speaker will illuminate to indicate that the Bluetooth receiver is working.
3. If not connected to a Bluetooth transmitter such as Smart Phone or other Bluetooth transmitting device, the unit will switch to "discovery" mode waiting for a Bluetooth connection. The blue LED will flash quickly to indicate that the unit is awaiting connection.
4. To connect to the speaker, open the Bluetooth menu on your device and search for new devices. "RV Media" should be displayed as an available device. Select "RV Media" to initiate connection.

Note you do not need to enter a PIN code to connect a device to this speaker.

5. The blue LED will illuminate to show the connection is in progress and if successful, it will now flash every 5 seconds confirming the device is connected.
6. Only one device can be connected at a time but a maximum of 8 devices, once paired, can be stored in memory. This means that a device previously paired will automatically pair once the speaker is turned on providing the device is within range. If, for example, a 9th device is paired with the speaker, the oldest device will be erased and will need to be manually re-connected if used again.

*First time use note. To ensure the Bluetooth Speaker Light remembers your Bluetooth device, it may be necessary to manually disconnect your device from the speaker on first use (this is done on your device's BT menu). This will ensure it is memorised and therefore should connect automatically for subsequent use.*

7. Once connected to your device, you can then use your device's Audio Controls to start the music playback and control the speaker's volume level.
8. Audio may also be streamed from many Smartphone apps such as Internet Radio Stations, Youtube, Video Players etc. This feature is dependent on app & device | capabilities, software and operation system version.

## TROUBLESHOOTING

Most connection problems can be fixed by manually disconnecting & reconnecting your Bluetooth device to the RV Media Bluetooth Speaker Light.

**PRODUCT WARRANTY: IMPORTANT INFORMATION PLEASE READ CAREFULLY:**

If your product is faulty or you are experiencing difficulties using this product and require assistance please call our warranty hotline as listed below:

**1300 654 936 (Aus)**

Camec Pty Ltd  
47-63 Remington Drive, Dandenong South, VIC, 3175, AUS

**09 225 1910 (NZ)**

Camec NZ  
44 Montgomerie Road, Mangere, Auckland, NZ

**1.0 Definitions**

The terms listed below shall have the following meanings:

"**Camec**" means Camec Pty Ltd (ACN 004 846 584) of 47-63 Remington Drive, Dandenong South, Victoria 3175.

"**Purchaser**" means the persons, firm or company being supplied with Products and / or services.

"**Product**" means the equipment purchased by the Purchaser to which this Warranty applies.

"**Manufacturer**" means the original company who created the Product.

**2.0 Terms of Warranty**

2.1 Camec warrants that, subject to the exclusions and limitations below, the Product will be free from defects in materials and workmanship under normal use and maintenance for a period of 24 months from the date of supply to the original Purchaser ("Warranty Period"), unless otherwise specified.

2.2 The date of supply to the Purchaser must be evidenced by the original invoice.

2.3 If a defect appears in the Product before the end of the Warranty Period and Camec finds the Product to be defective in materials or workmanship, Camec will, in its sole discretion, either:

- replace or repair the Product or the defective part of the Product free of charge;
- cause the Product or the defective part of the Product to be repaired or replaced by a qualified repairer free of charge; or
- provide payment of the cost of having the Product replaced (or acquiring an equivalent Product) or repaired, or services re-supplied.

2.4 Camec reserves the right to replace defective parts of the Product with parts and components of similar quality, grade or composition where an identical part or component is not available.

2.5 Products presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the Products.

2.6 This Warranty is in addition to any warranties imposed by Australian State and Federal legislation that cannot be excluded.

2.7 Our goods come with guarantees that cannot be excluded under the Australian Consumer Law ("ACL"). You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

**3.0 Exclusions**

3.1 The Warranty will not apply where:

- the Product has been on-sold or assigned by the Purchaser;
- the Product has been re-installed;
- the Product has been modified or repaired by someone other than Camec or an authorised Camec agent;
- the Product's defect has arisen due to the Purchaser's failure to properly install, fit, maintain, service or use the Product in accordance with the specifications and instructions provided by the Manufacturer, including a failure to comply with the relevant maintenance schedule (where applicable);
- Camec cannot establish any fault in the Product after testing;
- The Product has been used other than for the purpose for which it was designed;

- The Product has been subject to abnormal conditions, including but not limited to temperature, pressure, stress, load or similar;
- The Purchaser or installer has used or fitted non-genuine or non-approved parts and accessories to the Product or has failed to use recommended parts and accessories;
- The Product's defect has arisen due to abuse, misuse, neglect or accident; or
- The Product has not been installed in accordance with the relevant instructions.

3.2 The Warranty will not extend to:

- fair wear and tear of the Product; or
- expendable parts.

**4.0 Limitations**

4.1 Camec makes no express warranties or representations other than those set out in this Warranty.

4.2 If a Product was received damaged, it must be returned to Camec within 7 days for warranty purposes.

4.3 Camec is not responsible for the installation of the Product. Any fault or defect due to installation should be referred to the installer. The Product must be installed in accordance with the Manufacturer's instructions and any relevant legislation or code.

4.4 The repair or replacement of the Product or part of the Product or the cost of re-supplying the services or repairing or replacing the Product is the absolute limit of Camec's liability under this express warranty.

**5.0 Warranty Claims**

5.1 If a fault covered by the Warranty occurs, the Purchaser must first contact Camec.

5.2 Contact with Camec may be made in any of the following ways:

- 1300 654 936 (Aus); email: [service@camec.com.au](mailto:service@camec.com.au)
- 09 225 1910 (NZ); email [service@camec.co.nz](mailto:service@camec.co.nz)

5.3 Any Warranty claim from the Purchaser must be accompanied by:

- Proof of purchase;
- Installation details (if applicable);
- Return of Product (unless otherwise advised);
- Full details of the alleged defect; and
- If applicable, evidence of maintenance performed in accordance with the relevant maintenance schedules.

5.4 The cost of delivery and insurance of the Product to and from Camec and the cost of testing the Product are the responsibility of the Purchaser.

5.5 Where it is deemed that the Product does not have a fault, the Purchaser will be charged a testing fee of \$55.00 (GST exclusive), this is subject to change without notice.

**6.0 Returns**

6.1 Subject to clause 6.2, Camec may, at its absolute discretion, accept returns of non-defective Products purchased within 30 days of invoice date. If accepted by Camec, returns for Products will incur a re-stocking fee of 25% of the invoiced price, payable on return of the Products.

6.2 If the Purchaser is a consumer under the ACL, nothing in clause 6.1 limits any remedy available for a failure of the guarantees in sections 56 and 57 of the ACL.
